

VIJAY V

Doddaballapura, Bangalore Rural • 9066703328 • vijayvraj200@gmail.com
Electrical Designer | Full Stack Developer | React.js | Node.js | MongoDB

SUMMARY

Results-driven Full Stack Developer with 5 years of combined experience in Software Development and Electrical Design Engineering. Skilled in building responsive web applications using React.js, Node.js, Express.js, and MongoDB. Experienced in developing scalable applications, REST APIs, and user-focused interfaces. Previously worked as an Electrical CAD Design Engineer and currently managing a business while actively transitioning back into the IT industry. Strong problem-solving ability, adaptability, and passion for learning modern technologies.

WORK EXPERIENCE

Junior Software Developer | XSP Technologies Pvt Ltd | India May 2022 - Dec 2024

- Developed responsive web applications using React.js and JavaScript.
- Built backend APIs using Node.js and Express.js.
- Integrated MongoDB and MySQL databases for dynamic data handling.
- Improved UI performance and application responsiveness.
- Worked on debugging, testing, and deployment processes.
- Collaborated with teams in Agile development environments.

Tools Used: AutoCAD, AutoCAD Electrical, Creo, Mentor Graphics

Electrical CAD Design Engineer | Schlumberger India Technology Pvt Ltd | India Jul 2019 - March 2022

- Worked on electrical harness and fixture design projects.
- Created and modified BOMs and engineering documentation.
- Managed engineering change orders (ECO) and component lifecycle processes.
- Designed 3D models and load box systems using Creo and AutoCAD.
- Supported compliance verification and design optimization.

Tools Used: AutoCAD, AutoCAD Electrical, Creo, Mentor Graphics

Business Owner & Operations Manager | Self-Employed – Hotel Business | India Jan 2024 - Present

- Managing daily business operations, inventory, and customer service.
- Handling staff coordination and financial operations.
- Developed leadership, communication, and problem-solving skills.
- Continuously upgrading software development skills while running the business.

EDUCATION

Diploma in Electronics March 2016 - Jul -2019

Completed Diploma with strong technical foundation in electronics and electrical systems.

CERTIFICATIONS

Full Stack Developer Certification – Udemy

TECHNICAL SKILLS

Electrical Design Tools	Frontend	Backend	Database	Tools & Platforms
- AutoCAD - AutoCAD Electrical - Creo - Mentor Graphics	- HTML5 - CSS3 - JavaScript (ES6+) - React.js - Responsive Web Design	- Node.js - Express.js - REST APIs	- MongoDB - MySQL	- MongoDB - Git & GitHub - VS Code - Postman - Netlify - Vercel

LANGUAGES

English, Kannada, Telugu, Hindi

PROJECTS

To-Do App with Authentication

- Developed a full-stack task management application with secure user authentication.
- Implemented CRUD operations and protected routes.
- Built using React.js, Node.js, Express.js, and MongoDB.

Weather Application

- Built a responsive weather forecasting app using OpenWeather API.
- Displayed real-time weather data with clean UI design.

School ERP Dashboard

- Designed and developed an ERP dashboard interface for school management.
- Created responsive admin panels and student management UI.
